Hail and well met fellow  
adventurers. Thank you  
for purchasing this guide  
to doing Elwood's Quest.

All the tools you need  
are provided for you in  
this kit.

First, go to the rune  
marked for Elwood's. Talk  
to Elwood by placing your  
right hand over him(right  
single click over him.)

He tells you he wants  
you to collect 6 rainbow  
pearls. Go outside of the  
tavern, and use your  
fishing pole in Haven Lake  
until you produce 6.

Go back in the tavern  
and talk to Elwood.

Next he would like you  
to have your portrait  
painted by an artist  
named Alberta Giacco.

Find the rune to her,  
then talk to her. She  
asks you to sit  
motionless on the chair  
for about a minute. Once  
she tells you you're done,  
go back and talk to  
Elwood.

Next Elwood wants a  
piece of signed sheet  
music from an impresario  
named Gabriel Piete. Go  
to the rune marked for  
him and talk to him. He  
says he has no sheet  
music available.

Go to the  
theater locations and talk  
to people there who are  
able to talk. There are  
three possible theaters.  
Once you've found the  
right one, you will buy  
the sheet music for 10

gold pieces  
and return to Gabriel.  
Have him sign the sheet  
music, then return to  
Elwood.

The third thing Elwood  
needs is some carved  
figurines for his  
collection. He will send  
you to a sculpter named  
Tomas. Go to the rune  
for Tomas. Talk to him.

He will ask you to  
gather 4 pictures of  
various monsters from  
the realm.

Once you find the  
monster he seeks, you  
will use the paints that  
Tomas has given you and  
you will target the  
monster in question.

The possible monsters  
and their locations are as  
follows:

Betrayer, Juggernaut,  
Juka Mage, Juka Warrior.

All can be found in  
Lord Blackthorn's Castle.

Go to Ilshenar's  
Compassion Shrine. Go  
southwest and go through  
the mountain pass.  
Continue roughly  
southwest until you see  
the castle. BE VERY  
CAREFUL!! Even the  
stoutest of warriors can  
die in the castle walls.

There are many high  
level things inside to kill  
the unwary traveller.  
Juka Mages, and Juka  
Warriors can also be  
found in Wrong Dungeon.

Bogling, Bog Thing,  
Mongbat, Plague Beast,  
Wisp....Go to the swamp  
rune and look until you  
find them. Mongbats can  
be found almost anywhere  
in Trammal.

Gazer....Can be found  
right near the Honesty  
Shrine in Ilshenar.

Giant Beetle.....go to  
Britain or Haven Banks  
and you may find one for

sale or someone may get off their's for a moment so you can take a picture. Otherwise, the wild form is found in the Solen Hives.

Giant Black Widow...Go to Ilshenar's Spirituality Shrine. Follow the mountain to the northeast, then to the northwest for quite some ways. You'll pass the Blood Dungeon, and also the Harpy's Nest. Keep going until you see a cave with spiderwebs. Inside you'll find a giant black widow, ( as well as some terathans.)

Lich...Go to the rune marked " lichs to the south". Recall there and go south until you see the lichs.

Mummy... Go to the rune marked Mummies. Go inside the dungeon. The third room on the left holds a mummy spawn.

Meer Mage, Meer Warrior...Go to the Spirituality Shrine in Ilshenar.Go north until you see the Meer Village. There you will find both.

Pixie...check the forests near the Meer Village for these.

Sand Vortex, Scorpion.... Use the rune in the book.

Swamp Dragon... Theses are found in the Ilshenar city of Mistas. Go to the Justice Shrine. Follow the path south, then west. To the north is the city of Mistas. You could also ask someone riding one to let you take a picture.

Stone Gargoyle...go to the Chaos Shrine in Ilshenar. One of two can be found not far from the gates. BE CAREFUL. Balrons occasionally lurk

there also.

You will be asked to find four of the listed monsters. When you've found all four and taken their pictures, then go back to Tomas and talk to him again. He will take your magic paints.

Then go back to Elwood. After you talk to him he will reward you with around 700 gold pieces, a magic weapon or piece of armor and a piece of obsidian. After you've collected 10 pieces of obsidian, you can assemble them into a statue, which will fetch a lot of money when sold on the open market. I wish you luck and good adventures on your Quest. I hope this book has been helpful And as always, Be safe.
